Hey so um...

Pluto woke me up at 2:30 this morning saying she hadn't slept at all. Said that she felt terrible leaving this place but she had to bc it was taking up her life. Thought she was terrible at everything. And she wanted me to let you guys know that *none of this, absolutely none* of her leaving is your fault. She just thinks that she was a misery to you guys. And if you think she's not a pain can you say something about her so I can show her? I don't know, I just think it would help.

Pluto wasn't a pain. She was just going through some hard times and it was understandable.

I loved chatting with her when she was here. She was an amazing person with flaws, but everyone has flaws. I want her to know that she is fabulous and that she should never allow herself to feel like that. Misery only comes when you want it to come, and I think not of her. She was just a great person trying her best to fit in. She was a ripe fruit on a cake, she was sweet. Show this to her, show her that I care, that I feel that she was amazing. You don't have to feel sad Pluto, you remembering us is enough, don't cry, love life, accept your decisions. Your always feel to come back to homebase!

@Nacho, that's a great idea

Hey Pluto, I just wanted you to know that you weren't a burden or a misery to any of us. If you decide to leave, I just want you to know that we all will miss you greatly. But, if you decide to stay, I understand that the forums were taking up a lot of your time and energy, and I wanted you to know that you don't have to be on the forums all of the time. There are some of us who just come on a few times a week. Also, you are always welcome to talk about your feelings here, and we will do anyting and everything we can to help. I truly hope you do stay, but if you don't, I fully respect you descision to leave. Again, you will be greatly missed by all of us if you do decide to leave. I hopr you do decide to stay though.
